**CONCLUDING
REMARKS**

Have We Fulfilled the Objectives of the School?

Training the next generation of ISMologists

Have We Fulfilled the Objectives of the School?

Training the next generation of ISMologists

- Acquire a holistic knowledge of the field:
 - Observations, models and data analysis methods;
 - Elementary physical processes and how to combine them;
 - What are the open questions?

Have We Fulfilled the Objectives of the School?

Training the next generation of ISMologists

- ☒ Acquire a holistic knowledge of the field:
 - Observations, models and data analysis methods;
 - Elementary physical processes and how to combine them;
 - What are the open questions?

Have We Fulfilled the Objectives of the School?

Training the next generation of ISMologists

- ☒ Acquire a holistic knowledge of the field:
 - Observations, models and data analysis methods;
 - Elementary physical processes and how to combine them;
 - What are the open questions?
- ☐ Acquire some technical skills.

- Check out products delivered by hands-on participants.
- Network & potential collaborations.

A few practical things:

- We recycle badges \Rightarrow keep it as a souvenir or give it back to us, but don't throw it away.
